

Long Term Volunteering

Those who say it cannot be done should not interrupt the people doing it.
(Chinese proverb)

Sustainable life in Can Pipirimosca

If you are interested in taking part in this project, or if you would like to get more information about becoming a long term volunteer, please contact your local SCI organisation. You can search for the contact information here: <http://www.sciint.org/contact-us/local-sci-branch-or-partner>

Project Description:

ADELA is an organic farm in Valls (named Can Pipirimosca), with the aim of promoting a sustainable lifestyle respecting the environment. The project will allow the international volunteer to join with other short term volunteers (Wwoofers and local people) and long term volunteers (EVS project) and share daily life on the organic farm. Starting from his/her own experience and the training that he/she will receive, he/she will give support to the members of the association in the tasks of coordination the different activities and the meetings with the volunteers.

Work: Daily activities related to organic agriculture, sustainability and recycling; we occasionally organize meetings and seminars at weekends and also offer the space to other organizations or NGOs to develop their own activities. The objective is to promote values such as respect for the environment, sustainability, cooperation, self sufficiency, community responsibility, and to teach people different skills related to art, music, ecology, alternative energy, peace culture, etc. The LTV volunteer will also take part in weekend activities and is free to suggest new projects, to organize activities or to contribute with his/her own experience. All these experiences will provide the volunteer with a multicultural approach to a sustainable and alternative way of life that goes on daily in Can Pipirimosca.

The volunteer will receive support in Spanish learning or attend Catalan lessons in town. He/she will also have the opportunity to practice Spanish or Catalan with the local volunteers.

Requirements: We look for volunteers interested in environment and nature that are motivated for life in countryside. Life conditions are very basic, and even more in winter...be prepared!

Food: Cook together in a fire cooker all meals. Everything is vegetarian. We bake our bread and cakes.

Accommodation: Life in community. Single room. Toilets and showers are next to the house but outside in the garden.

Pocket money: 35 EUR per month

Insurance: The volunteer should have his/her own private insurance or ask to the Sending Organization for the SCI insurance

Fees: None

Visa: If any, will be covered by the volunteer.

Others: Motivation, flexibility and adaptation to rural and basic way of life! For further information, check the infosheet!
