

The manor „Herrenhaus
Vogelsang“

VOGELSANG

16.05. – 03.06.2019

LOCATION:

The manor Vogelsang is located in between the nature parks “Mecklenburger-Schweiz” and “Kummerower See”, in the heart of Mecklenburg-Western Pomerania - the north-eastern part of Germany. It had been built in 1849 but is in bad but still very romantic shape amidst an old english-styled park. Since the end of 2010 the building has a new owner, who tries his best to renovate the location in a neogothic style. With the help of creative hands, a lot of effort and a big amount of love the land marked house shall become a place of rest. Website: www.herrenhaus-vogelsang.de

WORK:

The aim is to have young people actively involved with culture. After an introduction in detail the first days will be focused on the Victorian-Variete from Viena first and a Horsefestival the following weekend. We need helping hands to prepare the house and the garden for the events. The main tasks will be spring-cleaning and decorating. During the festival the volunteers may take part in the cultural programme (decorating, helping hands, maybe performing). The programme of the festival consists of kinds of Horsemanship, of concerts and workshops and readings. The time between the evens the participants will work in the manor and stables. They will help out with the necessary tasks that have to be done – like helping in the garden or maybe painting. The exact tasks that will be undertaken will vary and volunteers are expected to be flexible in the work they do and be prepared to participate in all of the tasks fully.

NEAREST AIRPORTS:

Berlin or Hamburg

NEAREST TRAIN STATION:

Lalendorf
